

Breathing Apparatus Trolley
No. 900 800 · AT-BOX

The EMDE trolley model AT-BOX is used to hold respiratory protection equipment in three levels stored in plastic boxes *. The trolley is made of aluminum and has two steering / braking and two fixed wheels.

The trolley is fitted with 2 steering/braking wheels and two fixed wheels. The wheels have Aluminium rims and solid rubber tyres to ensure the trolley has minimal rolling resistance and is easy to manoeuvre despite its weight even on rough ground. The single wheel load is 400 kg.

** The boxes or the sizes of the boxes are available according to customer requirements.*

Licences and guidelines:

- » Complies with GGVSE (German regulations for the transportation of dangerous goods by road and rail)
- » Complies with "Guidelines for the design and use of non-powered trolleys by fire services" (Expert recommendation No. 2/2014 from the DFV (German Fire Service Association))

Options available at extra charge:

- » Kill switch (pull) (No. 950 999)
- » Kill switch (push) (No. 950 998)
